

LVA SUMMIT 2026

6th APLA Congress & 14th Annual LVA Conference

Hyderabad, India

DAY 2 — SATURDAY, 25 JULY 2026

Surya Hall • Manika Milap (Koel Hall) • Ananda Hall (Macaw)

Day 2 — Saturday, 25 July 2026

At-a-Glance Overview — All Halls

Time	Surya Hall (Nightingale)	Manika Milap (Koel Hall)	Ananda Hall (Macaw)
7:30 AM		SESSION I – Office Based and Novel Procedures / Instructional Course <i>Coordinators: Dr David, Dr Tejaswi, Dr Harika</i> Fat augmentation in ULVCP: Tips and Tricks <i>Dr. Puneeth P.J, India</i>	SESSION I – Instructional Course <i>Coordinators: Dr Akshara Reddy, Dr Nabeelah, Dr Mehnaz</i> 07:30 – 07:50. Videolaryngostroboscopy – Demonstration <i>Dr. Vineet Narula, India</i> 07:50 – 08:05. VLS in clinical decision making: What changes management? <i>Dr. Darshil Vaishanav, India</i> 08:05 – 08:20. High speed video endoscopy – How does it add to VLS <i>Dr. Anju Singh, India</i> 08:20 – 08:40. Multiparametric Voice Analysis: Contemporary concepts in objective voice assessments <i>Mr. Santosh Dharamkar, India</i> 08:40 – 09:00. Beyond traditional voice therapy: Recent advances and future directions <i>Mr. Manas Siddanth, India</i> 09:00 – 09:15. Therapeutic effects of Immunoglobulin / Histamine Complex [Histoglob] <i>Dr. P.V.L.N. Murthy</i>
7:45 AM		Injection Laryngoplasty: Approaches and available fillers <i>Dr. Neha Sood, India</i>	
8:00 AM		Laryngeal EMG <i>Dr. Sachin Goel, India</i>	
8:15 AM		Office based laryngeal procedures: A practical perspective <i>Dr. Ammar Najmi, Saudi Arabia</i>	
8:30 AM	SESSION I – Benign Lesions <i>Chairperson: Dr GSN Murthy, Dr Ramakrishnan Vidyasagar, Dr S Ramesh Kumar</i> Sulcus vocalis: From scar to sound – Filling the Gap <i>Dr. Brig. WVBS Ramalingam, India</i>	Botox injection in the Office <i>Dr. Shalini Arunalandam, Singapore</i>	
8:45 AM	Nodules, polyps and cysts: choosing between cold steel, debrider and laser in contemporary phonosurgery <i>Dr. Manish Munjal, India</i>	Awake office balloon dilatation: A modern approach to airway intervention <i>Dr. Deepak Mehta, Texas, USA</i>	
9:00 AM	Regenerative Laryngology and benign vocal fold lesions: The next frontier <i>Dr. Taner Yilmaz, Turkey</i>	SESSION II – Neurolaryngology and Gender Affirming Surgeries <i>Chairperson: Dr Jaskaran, Dr Yogesh Neupani, Dr Jayakumar Menon</i> Muscle Tension Dysphonia: Functional Disorder or Missed Diagnosis? <i>Dr. David Lau, Singapore</i>	SESSION II – Paper and Video Presentations Video Presentation (5 + 2 minutes each) 1. First Breath Restored: Early Airway Reconstruction In A Neonate Without Tracheostomy <i>Dr. S K Ranjani</i> 2. Type 1 Thyroplasty for Palliative Care <i>Dr Manusrut</i> 3. Montgomery Thyroplasty for Unilateral Vocal Cord Palsy: A Video Demonstration of Surgical Technique and Clinical Outcome <i>Dr Dendukuri S P Lakshmi</i> Senior Consultant Award Paper (8 + 2 minutes each) 1. Paradoxical vocal cord movement – When the larynx imitates the lung! <i>Dr Ragitha Binu Krishnan</i> 2. Bilateral abductor palsy – case series in head and neck patients following chemoradiation <i>Dr. J. Shanmuga Priya</i> Post Graduate Award Paper (8 + 2 minutes each) 1. Supraglottic And Nasopharyngeal Stenosis
9:15 AM	Recurrent Respiratory Papillomatosis: From scissors to microdebrider – The evolution of surgical management <i>Dr. MB Bharathi, India</i>	Adductor, Abductor or Mixed? Understanding the Phenotypes of Spasmodic Dysphonia <i>Dr. Amanda Richards, Australia</i>	
9:30 AM	The challenging Pediatric Airway: contemporary management of JORRP <i>Dr. Thirunavukkarasu, India</i>	Evolution in clinical practice for Botox injections for tremors, SD, MTD and other conditions <i>Dr. Shalini Arunalandam, Singapore</i>	
9:45 AM	Beyond the larynx: Management of Tracheobronchopulmonary RRP <i>Dr. Rajiv Kumar, India</i>	Myoneurectomy in Spasmodic Dysphonia: Niche Procedure or Underutilized Strategy? <i>Dr. Darshil Vaishanav, India</i>	
10:00 AM	Systemic and intralesional therapies in RRP – Are we entering a new era? <i>Dr. Suma Susan Mathews, India</i>	Beyond Botox: Contemporary Management of Spasmodic Dysphonia <i>Dr. Manish Munjal, India</i>	
10:15 AM	Shifting paradigms in RRP – From chronic suppression to curative intent <i>Dr. Samit Mujumdar, UK</i>	Voice Feminization Surgery: Is Wendler's Glottoplasty Still the Gold Standard? <i>Dr. Taner Yilmaz, Turkey</i>	

Time	Surya Hall (Nightingale)	Manika Milap (Koel Hall)	Ananda Hall (Macaw)
10:30 AM	Arytenoid Granuloma: Untangling the roles of LPR, phonotrauma and intubation and the challenge of recurrence <i>Dr. Manjunath MK, India</i>	The Masculine Voice: Contemporary Surgical Strategies in Laryngology <i>Dr. Brig. WVBS Ramalingam, India</i>	Due To Tuberculosis: A Rare Case Report <i>Dr Samudra Gupta</i> 2. Assessment of Clinical and Ultrasonographic parameters for predicting Difficult Laryngeal Exposure in Microlaryngeal Surgery: A Comparative Analysis <i>Dr. Lakshay Dagar</i> 3. Cobot-Assisted Kashima Operation: Pros
10:45 AM	SESSION II – ORATION <i>Chairperson: Dr Sachin Gandhi, Dr Bharathi M B</i> Nilkanth and Saroj Apte Oration — Adjustable Implants in Medialization Thyroplasty and arytenoid repositioning: Contemporary concepts and outcomes <i>Dr. Guan Min Ho Floyd, Taiwan</i>	ORATION IN HALL A (Surya Hall)	ORATION IN HALL A (Surya Hall)
11:15 AM	LVA Oration — Chronic cough: What to look and how to manage? <i>Dr. Amanda Richard, Australia</i>		
11:45 AM	Guest Oration — Transnasal Oesophagoscopy: Development and Management of Oropharyngeal dysphagia service <i>Dr. Samit Majumdar, UK</i>		
12:15 PM	Quiz the Masters — Microlaryngeal surgery: The Decisions that define outcomes (Quiz Moderator: Dr. D. S. Deenadayal) <i>Experts: Dr. Sachin Gandhi, Dr. W.B.S. Ramalingam, Dr. Bharathi MB</i>		
1:00 PM	LUNCH FOLLOWS		
1:30 PM	SESSION III – Airway <i>Chairperson: Dr Kumar Chowdary, Dr Shekhar Reddy, Dr Nageshwar Rao</i> Improving Outcomes of Pediatric Airway Surgery – Lessons learned <i>Dr. Deepak Mehta, Texas</i>	SESSION III – Singers Clinic and Professional Voice <i>Chairperson: Dr Chandrashekar, Dr Yousuf Al Jathlani, Dr Ranbeer Singh</i> Seeing the Performance Voice <i>Dr Raghavi Vishnu Prasanna, India</i>	SESSION III – Paper Presentation Post Graduate Award Paper (continued) (8 + 2 minutes each) 6. FEES-Based Characterisation of Dysphagia in patients with Lateral Medullary Infarct: A Retrospective Longitudinal Study <i>Dr. Kaushiki Kulkarni</i> 7. Puberphonia Treated with Type III Thyroplasty: A Case Report <i>Dr. Vishwanath Sivasubramanian</i> 8. Can Tracheostomy Decannulation be done in patients with Airway secretions? <i>Dr. Svastika Agarwal</i> 9. Microlaryngeal Surgery: A Comparative Evaluation of Coblation and Microdebrider Techniques in Benign Laryngeal Lesions <i>Dr Hamsini Sudhakar</i> 10. Role of Flexible Endoscopic Evaluation of Swallowing (FEES) in the Assessment and Management of Dysphagia Following Cerebrovascular Accident <i>Dr Naveen Stanis</i> 11. Surgical Management of Androphonia Using Type IV Thyroplasty (Cricothyroid
1:45 PM	Pathophysiology in Airway stenosis: From injury to scar <i>Dr. Amanda Richards, Australia</i>	Professional voice fatigue: Muscle, mucosa, mind or technique <i>Dr. Manish Munjal, India</i>	
2:00 PM	Embryo to Expression <i>Dr. P.V.L.N Murthy, India</i>	The Elite vocal performer: The multi-disciplinary approach <i>Dr. Dinesh, India</i>	
2:15 PM	Seeds of OSAS are sown in infancy only <i>Dr. Mrutyunjay Bilagi, India</i>	Vocal Hygiene in Singers: From evidence to everyday practice across the pitch range <i>Ms. Namita Joshi, India</i>	
2:30 PM	Anaesthesia in airway surgery: Contemporary challenges in shared airway	Voice Lift <i>Dr. Neha Sood, India</i>	

Time	Surya Hall (Nightingale)	Manika Milap (Koel Hall)	Ananda Hall (Macaw)
	<i>Dr. Rakesh Srivatsav, India</i>		Approximation): A Voice Feminization Procedure <i>Dr. Praveena Kumari J</i>
2:45 PM	Reconstructing the pediatric Airway: Contemporary open laryngotracheal reconstruction <i>Dr. Ahmed Elsobky, Egypt</i>	Surgery in Singers: When Less is More? <i>Dr. Taner Yilmaz, Turkey</i>	12. Role of Narrow Band imaging in the evaluation of laryngeal and hypopharyngeal lesions: A prospective study <i>Dr Gadapale Vishwajeeth</i>
3:00 PM	Transoral surgery for laryngotracheal stenosis <i>Dr. Thirunavukkarasu, India</i>	Returning the singer to stage: Post-operative voice rehabilitation in professional voice users <i>Mr. Govind Rajopadhye, India</i>	Junior Consultant Award Paper (8 + 2 minutes each) 1. Management of tracheal stenosis in emergency situations via a novel technique <i>Dr Prashanth N</i>
3:15 PM	Decoding complex Supraglottic stenosis: A 15-case institutional series on Endoscopic management <i>Dr. Srinivas Kishore, India</i>	SESSION IV – Airway II <i>Chairperson: Dr Ramana Chary, Dr Anjoo Choudhary, Dr Venkateshwar Rao</i> Supraglottoplasty for congenital Laryngomalacia: Principles, pearls and pitfalls <i>Dr. Shashank Gupta, India</i>	2. Beyond Medialization: Precision Thyroplasty for Functional Voice Restoration <i>Dr Raghavi A</i>
3:30 PM	Slide tracheoplasty: Can it be sometimes the only answer? <i>Dr. Ahmed Elbosky, Egypt</i>	Prediction of development of iatrogenic subglottic stenosis: A step ahead in understanding its pathophysiology <i>Dr. Anurag Ramavat, India</i>	3. Epiglottis histoplasmosis mimicking laryngeal malignancy: A Diagnostic Challenge <i>Dr Nabeelah Naeem</i>
3:45 PM	SESSION IV – Neuro Laryngology <i>Chairperson: Dr VenkatRam Reddy, Dr Meghnath, Dr Amanda Richards</i> Technique of non-selective U/L reinnervation (Ansa recurrent technique) in U/L vocal fold paralysis <i>Dr. MB Bharathi, India</i>	The Interplay between the NOSE and Larynx: Which one is affecting the other? <i>Dr. Ibrahim Sumaily, Saudi Arabia</i>	4. Phagosurgery: clinical series of Targeted Surgical techniques for Dysphagia management <i>Dr Litta Justine</i>
4:00 PM		Static Obstructions causing OSA in paediatric airway and its management <i>Dr Vidyasagar Ramakrishnan</i>	5. Laryngeal tuberculosis – Case series <i>Dr. Pagatikaluva Himabindu</i>
4:05 PM	Nerve muscle pedicle reinnervation technique <i>Dr. JayaKumar R. Menon, India</i>		6. Clinical and Radiological Profile of Tracheobronchial Foreign Body Aspiration in a Pediatric Cohort: A 5-Year Institutional Analysis <i>Dr Aparna G</i>
4:15 PM		Management of corrosive airway injury using Harmonic scalpel <i>Dr. Naveen Kumar Madisetty, India</i>	7. Transoral Laser Cordectomy for Glottic Lesions – Oncological Precision Meets Voice Preservation: A Single-Institution Series <i>Dr. Preethi Rubinath</i>
4:25 PM	Technique of B/L vocal fold paralysis and selective laryngeal reinnervation and nerve sutures <i>Dr. JayaKumar R. Menon, India</i>		8. Kashima procedure – our experience <i>Dr. Kanjula Sri Varshini</i>
4:30 PM		Laryngotracheal Stenosis <i>Dr. Aravind Kumar Kairo, New Delhi</i>	9. Airway Management in Syndromic Children – A 12-Year Retrospective Study <i>Dr Manishaa E V</i>
4:45 PM	Recommendations in Laser Surgery for Bilateral Vocal Fold Paralysis: A Literature Review <i>Dr Yacine Afri, Egypt</i>	Laryngotracheal Reconstruction in Adults: Does it work? <i>Dr. Yousef Ibrahim F Aljathlany, Riyadh, Saudi Arabia</i>	10. A Needle Through Cartilage, A Voice Reclaimed: Trans-Thyroid Injection Laryngoplasty Using Hyaluronic Acid for Unilateral Vocal Cord Palsy – A Prospective One-Year Follow-Up Study <i>Dr K. Vivekaraajan</i>
5:00 PM	SESSION V – Carcinoma Larynx <i>Chairperson: Dr Sreedhar Reddy, Dr S V Ramana, Dr Shoban Babu</i> Day care LASER Surgery to early Glottic Cancer: Sharing 30+ years of experience using KTP, CO2, Diode Laser <i>Dr. Vishnu Swaroop Reddy, Hyderabad</i>	Airway Stenting in Laryngotracheal stenosis: Bridge to reconstruction or definitive therapy? <i>Dr. Suhel Hassan, India</i>	11. Beyond surgical success, managing dysphagia after TEF & laryngeal cleft repair <i>Dr Krishna Medha K</i>
			12. A Study of Microdebrider-Assisted versus Coblation-Assisted Microlaryngeal Excision in Adult Patients with vocal cord lesion <i>Dr R P Jayapreetha</i>
			13. A Retro-Pro prospective Observational Study on Clinical Application of Digital Videolaryngostroboscopy in Diagnosis of Early Glottic Carcinoma <i>Dr Suvojit Ghosh</i>
			14. Beyond the Tracheostomy: Strategic Innovations and Functional Recovery in Complex Airway Disorders <i>Dr Sankavi Dhanasekar</i>
			15. Thrive-Assisted Tubeless Coblation Microlaryngoscopic Surgery: Our Early Experience <i>Dr Sachin Antony</i>
			16. Digital Voice Analysis: A Comparative Study of Normal and Pathological Voices <i>Dr. Anubhuti Dhanuka</i>

Time	Surya Hall (Nightingale)	Manika Milap (Koel Hall)	Ananda Hall (Macaw)
5:15 PM	Vocal Cord Medialisation Thyroplasty using GORTEX – 20+ years of experience <i>Dr. Vishnu Swaroop Reddy, Hyderabad</i>	Tracheal anastomosis: Tips and techniques <i>Dr Jaskaran Gill, Amritsar</i>	
5:30 PM	Combined Hi-Fidelity Intraoperative Optical Imaging: Near Infrared Fluorescence and confocal laser Endomicroscopy in the management of Endolaryngeal tumours <i>Dr. Bharath Panuganti, US</i>	SESSION V – Benign Lesions II <i>Chairperson: Dr S Indira Devi, Dr JBS Rathod, Dr Mrutyunjay Biligi</i> Does allergy cause vocal cord dysfunction? Myth, mechanism or missed association? <i>Dr. Anne Kishore Kumar, India</i>	SESSION IV – QUIZ PRELIMS
5:45 PM	Presurgical and post-surgical evaluation with NBI <i>Dr. Rakesh Shrivatsav, India</i>	Endoscopic Laryngeal surgery: How I do it? <i>Dr. Sekhar Reddy, India</i>	
6:00 PM	Beyond leukoplakia: Contemporary management of Pre-malignant lesions of Larynx <i>Dr. Shantanu Panja, India</i>	Tuberculosis presenting as Laryngeal Symptoms to Otolaryngologist in a tertiary care centre <i>Dr. Rita Ruby Albert, India</i>	
6:15 PM	Transoral CO2 laser cordectomy in early glottic cancers: Balancing cure and voice <i>Dr. Sachin Gandhi, India</i>	Laser in vascular lesions of Vocal cords <i>Dr. Bhanu Bharadwaj, India</i>	
6:30 PM	Angiolytic vs excision laser surgery – The KTP CO2 debate – oncological and functional benefits <i>Dr. Harishanker Jeyarajan, Australia</i>	Botulinum toxin in Lateral medullary syndrome: Managing saliva, swallow and aspiration <i>Dr. Nidhin SB, India</i>	
8:00 PM	GALA DINNER		

Detailed Hall-by-Hall Program

Surya Hall (Nightingale)

TIME	TOPIC	SPEAKER
08:30 AM – 10:45 AM	SESSION I – Benign Lesions	
<i>Chairperson: Dr G S N Murthy, Dr Ramakrishnan Vidyasagar, Dr S Ramesh Kumar</i>		
08:30 – 08:45	Sulcus vocalis: From scar to sound – Filling the Gap	<i>Dr. Brig. WVBS Ramalingam, India</i>
08:45 – 09:00	Nodules, polyps and cysts: choosing between cold steel, debrider and laser in contemporary phonosurgery	<i>Dr. Manish Munjal, India</i>
09:00 – 09:15	Regenerative Laryngology and benign vocal fold lesions: The next frontier	<i>Dr. Taner Yilmaz, Turkey</i>
09:15 – 09:30	Recurrent Respiratory Papillomatosis: From scissors to microdebrider – The evolution of surgical management	<i>Dr. MB Bharathi, India</i>
09:30 – 09:45	The challenging Pediatric Airway: contemporary management of JORRP	<i>Dr. Thirunavukkarasu, India</i>
09:45 – 10:00	Beyond the larynx: Management of	<i>Dr. Rajiv Kumar, India</i>

TIME	TOPIC	SPEAKER
	Tracheobronchopulmonary RRP	
10:00 – 10:15	Systemic and intralesional therapies in RRP – Are we entering a new era?	Dr. Suma Susan Mathews, India
10:15 – 10:30	Shifting paradigms in RRP – From chronic suppression to curative intent	Dr. Samit Mujumdar, UK
10:30 – 10:45	Arytenoid Granuloma: Untangling the roles of LPR, phonotrauma and intubation and the challenge of recurrence	Dr. Manjunath MK, India
10:45 AM – 12:15 PM	SESSION II – ORATION	
Chairperson: Dr Sachin Gandhi, Dr Bharathi M B		
10:45 – 11:15	Nilkanth and Saroj Apte Oration — Adjustable Implants in Medialization Thyroplasty and arytenoid repositioning: Contemporary concepts and outcomes	Dr. Guan Min Ho Floyd, Taiwan
11:15 – 11:45	LVA Oration — Chronic cough: What to look and how to manage?	Dr. Amanda Richard, Australia
11:45 – 12:15	Guest Oration — Transnasal Oesophagoscopy: Development and Management of Oropharyngeal dysphagia service	Dr. Samit Majumdar, UK
12:15 – 1:00	Quiz the Masters — Microlaryngeal surgery: The Decisions that define outcomes (Quiz Moderator: Dr. D. S. Deenadayal)	Experts: Dr. Sachin Gandhi, Dr. W.B.S. Ramalingam, Dr. Bharathi MB
1:00 PM — LUNCH FOLLOWS		
1:30 PM – 3:45 PM	SESSION III – Airway	
Chairperson: Dr Kumar Chowdary, Dr Shekhar Reddy, Dr Nageshwar Rao		
01:30 – 01:45	Improving Outcomes of Pediatric Airway Surgery – Lessons learned	Dr. Deepak Mehta, Texas
01:45 – 02:00	Pathophysiology in Airway stenosis: From injury to scar	Dr. Amanda Richards, Australia
02:00 – 02:15	Embryo to Expression	Dr. P.V.L.N Murthy, India
02:15 – 02:30	Seeds of OSAS are sown in infancy only	Dr. Mrutyunjay Bilagi, India
2:30 – 2:45	Anaesthesia in airway surgery: Contemporary challenges in shared airway	Dr. Rakesh Srivatsav, India
02:45 – 03:00	Reconstructing the pediatric Airway: Contemporary open laryngotracheal reconstruction	Dr. Ahmed Elsobky, Egypt
03:00 – 03:15	Transoral surgery for laryngotracheal stenosis	Dr. Thirunavukkarasu, India
03:15 – 03:30	Decoding complex Supraglottic stenosis: A 15-case institutional series on Endoscopic management	Dr. Srinivas Kishore, India

TIME	TOPIC	SPEAKER
03:30 - 03:45	Slide tracheoplasty: Can it be sometimes the only answer?	Dr. Ahmed Elbosky, Egypt
03:45 PM - 05:00 PM	SESSION IV – Neuro Laryngology	
Chairperson: Dr VenkatRam Reddy, Dr Meghnath, Dr Amanda Richards		
03:45 - 04:05	Technique of non-selective U/L reinnervation (Ansa recurrent technique) in U/L vocal fold paralysis	Dr. MB Bharathi, India
04:05 - 04:25	Nerve muscle pedicle reinnervation technique	Dr. JayaKumar R. Menon, India
04:25 - 4:45	Technique of B/L vocal fold paralysis and selective laryngeal reinnervation and nerve sutures	Dr. JayaKumar R. Menon, India
04:45 - 05:00	Recommendations in Laser Surgery for Bilateral Vocal Fold Paralysis: A Literature Review	Dr Yacine Afri, Egypt
5:00 PM - 06:30 PM	SESSION V – Carcinoma Larynx	
Chairperson: Dr Sreedhar Reddy, Dr S V Ramana, Dr Shoban Babu		
05:00 - 05:15	Day care LASER Surgery to early Glottic Cancer: Sharing 30+ years of experience using KTP, CO2, Diode Laser	Dr. Vishnu Swaroop Reddy, Hyderabad
05:15 - 05:30	Vocal Cord Medialisation Thyroplasty using GORTEX – 20+ years of experience	Dr. Vishnu Swaroop Reddy, Hyderabad
05:30 - 05:45	Combined Hi-Fidelity Intraoperative Optical Imaging: Near Infrared Fluorescence and confocal laser Endomicroscopy in the management of Endolaryngeal tumours	Dr. Bharath Panuganti, US
05:45 - 06:00	Presurgical and post-surgical evaluation with NBI	Dr. Rakesh Shrivatsav, India
6:00 - 6:15	Beyond leukoplakia: Contemporary management of Pre-malignant lesions of Larynx	Dr. Shantanu Panja, India
6:15 - 6:30	Transoral CO2 laser cordectomy in early glottic cancers: Balancing cure and voice	Dr. Sachin Gandhi, India
6:30 - 6:45	Angiolytic vs excision laser surgery – The KTP CO2 debate – oncological and functional benefits	Dr. Harishanker Jeyarajan, Australia
8:00 PM — GALA DINNER		

Manika Milap (Koel Hall)

TIME	TOPIC	SPEAKER
07:30 AM - 09:00 AM	SESSION I - Office Based and Novel Procedures / Instructional Course	

TIME	TOPIC	SPEAKER
Coordinators: Dr David, Dr Tejaswi, Dr Harika		
7:30 – 7:45	Fat augmentation in ULVCP: Tips and Tricks	Dr. Puneeth P.J, India
7:45 – 8:00	Injection Laryngoplasty: Approaches and available fillers	Dr. Neha Sood, India
8:00 – 8:15	Laryngeal EMG	Dr. Sachin Goel, India
8:15 – 8:30	Office based laryngeal procedures: A practical perspective	Dr. Ammar Najmi, Saudi Arabia
8:30 – 8:45	Botox injection in the Office	Dr. Shalini Arunalandam, Singapore
8:45 – 9:00	Awake office balloon dilatation: A modern approach to airway intervention	Dr. Deepak Mehta, Texas, USA
09:00 AM – 10:45 AM	SESSION II – Neurolaryngology and Gender Affirming Surgeries	
Chairperson: Dr Jaskaran, Dr Yogesh Neupani, Dr Jayakumar Menon		
09:00 – 09:15	Muscle Tension Dysphonia: Functional Disorder or Missed Diagnosis?	Dr. David Lau, Singapore
09:15 – 09:30	Adductor, Abductor or Mixed? Understanding the Phenotypes of Spasmodic Dysphonia	Dr. Amanda Richards, Australia
09:30 – 09:45	Evolution in clinical practice for Botox injections for tremors, SD, MTD and other conditions	Dr. Shalini Arunalandam, Singapore
09:45 – 10:00	Myoneurectomy in Spasmodic Dysphonia: Niche Procedure or Underutilized Strategy?	Dr. Darshil Vaishnav, India
10:00 – 10:15	Beyond Botox: Contemporary Management of Spasmodic Dysphonia	Dr. Manish Munjal, India
10:15 – 10:30	Voice Feminization Surgery: Is Wendler's Glottoplasty Still the Gold Standard?	Dr. Taner Yilmaz, Turkey
10:30 – 10:45	The Masculine Voice: Contemporary Surgical Strategies in Laryngology	Dr. Brig. WVBS Ramalingam, India
10:45 AM – 01:00 PM — ORATION IN HALL A (Surya Hall)		
1:00 PM — LUNCH FOLLOWS		
1:30 PM – 3:15 PM	SESSION III – Singers Clinic and Professional Voice	
Chairperson: Dr Chandrashekar, Dr Yousuf Al Jathlani, Dr Ranbeer Singh		
1:30 – 1:45	Seeing the Performance Voice	Dr Raghavi Vishnu Prasanna, India
1:45 – 2:00	Professional voice fatigue: Muscle, mucosa, mind or technique	Dr. Manish Munjal, India
2:00 – 2:15	The Elite vocal performer: The multi-disciplinary approach	Dr. Dinesh, India

TIME	TOPIC	SPEAKER
2:15 - 2:30	Vocal Hygiene in Singers: From evidence to everyday practice across the pitch range	Ms. Namita Joshi, India
2:30 - 2:45	Voice Lift	Dr. Neha Sood, India
2:45 - 3:00	Surgery in Singers: When Less is More?	Dr. Taner Yilmaz, Turkey
3:00 - 3:15	Returning the singer to stage: Post-operative voice rehabilitation in professional voice users	Mr. Govind Rajopadhye, India
03:15 PM - 05:30 PM	SESSION IV - Airway II	
Chairperson: Dr Ramana Chary, Dr Anjoo Choudhary, Dr Venkateshwar Rao		
3:15 - 3:30	Supraglottoplasty for congenital Laryngomalacia: Principles, pearls and pitfalls	Dr. Shashank Gupta, India
3:30 - 3:45	Prediction of development of iatrogenic subglottic stenosis: A step ahead in understanding its pathophysiology	Dr. Anurag Ramavat, India
3:45 - 4:00	The Interplay between the NOSE and Larynx: Which one is affecting the other?	Dr. Ibrahim Sumaily, Saudi Arabia
4:00 - 4:15	Static Obstructions causing OSA in paediatric airway and its management	Dr Vidyasagar Ramakrishnan
4:15 - 4:30	Management of corrosive airway injury using Harmonic scalpel	Dr. Naveen Kumar Madisetty, India
4:30 - 4:45	Laryngotracheal Stenosis	Dr. Aravind Kumar Kairo, New Delhi
4:45 - 5:00	Laryngotracheal Reconstruction in Adults: Does it work?	Dr. Yousef Ibrahim F Aljathlany, Riyadh, Saudi Arabia
05:00 - 05:15	Airway Stenting in Laryngotracheal stenosis: Bridge to reconstruction or definitive therapy?	Dr. Suhel Hassan, India
05:15 - 05:30	Tracheal anastomosis: Tips and techniques	Dr Jaskaran Gill, Amritsar
05:30 PM - 07:00 PM	SESSION V - Benign Lesions II	
Chairperson: Dr S Indira Devi, Dr JBS Rathod, Dr Mrutyunjay Biligi		
05:30 - 05:45	Does allergy cause vocal cord dysfunction? Myth, mechanism or missed association?	Dr. Anne Kishore Kumar, India
05:45 - 06:00	Endoscopic Laryngeal surgery: How I do it?	Dr. Sekhar Reddy, India
6:00 - 6:15	Tuberculosis presenting as Laryngeal Symptoms to Otolaryngologist in a tertiary care centre	Dr. Rita Ruby Albert, India
6:15 - 6:30	Laser in vascular lesions of Vocal cords	Dr. Bhanu Bharadwaj, India

TIME	TOPIC	SPEAKER
6:30 - 6:45	Botulinum toxin in Lateral medullary syndrome: Managing saliva, swallow and aspiration	<i>Dr. Nidhin SB, India</i>
8:00 PM — GALA DINNER		

Ananda Hall (Macaw)

TIME	TOPIC	SPEAKER
07:30 AM – 09:15 AM	SESSION I – Instructional Course	
Coordinators: Dr Akshara Reddy, Dr Nabeelah, Dr Mehnaz		
07:30 – 07:50	Videolaryngostroboscopy – Demonstration	Dr. Vineet Narula, India
07:50 – 08:05	VLS in clinical decision making: What changes management?	Dr. Darshil Vaishnav, India
08:05 – 08:20	High speed video endoscopy – How does it add to VLS	Dr. Anju Singh, India
08:20 – 08:40	Multiparametric Voice Analysis: Contemporary concepts in objective voice assessments	Mr. Santosh Dharamkar, India
08:40 – 09:00	Beyond traditional voice therapy: Recent advances and future directions	Mr. Manas Siddanth, India
09:00 – 09:15	Therapeutic effects of Immunoglobulin / Histamine Complex [Histoglob]	Dr. P.V.L.N. Murthy
9:15 AM – 10:45 AM	SESSION II – Paper and Video Presentations	
Video Presentation (5 + 2 minutes each)		
1	First Breath Restored: Early Airway Reconstruction In A Neonate Without Tracheostomy	Dr. S K Ranjani
2	Type 1 Thyroplasty for Palliative Care	Dr Manusrut
3	Montgomery Thyroplasty for Unilateral Vocal Cord Palsy: A Video Demonstration of Surgical Technique and Clinical Outcome	Dr Dendukuri S P Lakshmi
Senior Consultant Award Paper (8 + 2 minutes each)		
1	Paradoxical vocal cord movement – When the larynx imitates the lung!	Dr Ragitha Binu Krishnan
2	Bilateral abductor palsy – case series in head and neck patients following chemoradiation	Dr. J. Shanmuga Priya
Post Graduate Award Paper (8 + 2 minutes each)		
1	Supraglottic And Nasopharyngeal Stenosis Due To Tuberculosis: A Rare Case Report	Dr Samudra Gupta
2	Assessment of Clinical and Ultrasonographic parameters for predicting Difficult Laryngeal Exposure in Microlaryngeal Surgery: A	Dr. Lakshay Dagar

TIME	TOPIC	SPEAKER
	Comparative Analysis	
3	Coblator-Assisted Kashima Operation: Pros And Cons	Dr Prachi Pratyusha
4	Triple Diagnostic Power of FEES: Restoring Sip, Swallow and Speech	Dr Ajjai A
5	Injection Laryngoplasty	Dr S Balaji
10:45 AM - 01:00 PM — ORATION IN HALL A (Surya Hall)		
1:00 PM — LUNCH FOLLOWS		
01:30 PM – 5:30 PM		SESSION III – Paper Presentation
Post Graduate Award Paper (continued) (8 + 2 minutes each)		
6	FEES-Based Characterisation of Dysphagia in patients with Lateral Medullary Infarct: A Retrospective Longitudinal Study	Dr. Kaushiki Kulkarni
7	Puberphonia Treated with Type III Thyroplasty: A Case Report	Dr. Vishwanath Sivasubramanian
8	Can Tracheostomy Decannulation be done in patients with Airway secretions?	Dr. Svastika Agarwal
9	Microlaryngeal Surgery: A Comparative Evaluation of Coblation and Microdebrider Techniques in Benign Laryngeal Lesions	Dr Hamsini Sudhakar
10	Role of Flexible Endoscopic Evaluation of Swallowing (FEES) in the Assessment and Management of Dysphagia Following Cerebrovascular Accident	Dr Naveen Stanis
11	Surgical Management of Androphonia Using Type IV Thyroplasty (Cricothyroid Approximation): A Voice Feminization Procedure	Dr. Praveena Kumari J
12	Role of Narrow Band imaging in the evaluation of laryngeal and hypopharyngeal lesions: A prospective study	Dr Gadapale Vishwajeeth
Junior Consultant Award Paper (8 + 2 minutes each)		
1	Management of tracheal stenosis in emergency situations via a novel technique	Dr Prashanth N
2	Beyond Medialization: Precision Thyroplasty for Functional Voice Restoration	Dr Raghavi A
3	Epiglottis histoplasmosis mimicking laryngeal malignancy: A Diagnostic Challenge	Dr Nabeelah Naeem
4	Phagosurgery: clinical series of Targeted Surgical techniques for Dysphagia management	Dr Litta Justine
5	Laryngeal tuberculosis – Case series	Dr. Pagatikaluva

TIME	TOPIC	SPEAKER
		<i>Himabindu</i>
6	Clinical and Radiological Profile of Tracheobronchial Foreign Body Aspiration in a Pediatric Cohort: A 5-Year Institutional Analysis	<i>Dr Aparna G</i>
7	Transoral Laser Cordectomy for Glottic Lesions – Oncological Precision Meets Voice Preservation: A Single-Institution Series	<i>Dr. Preethi Rubinath</i>
8	Kashima procedure – our experience	<i>Dr. Kanjula Sri Varshini</i>
9	Airway Management in Syndromic Children – A 12-Year Retrospective Study	<i>Dr Manishaa E V</i>
10	A Needle Through Cartilage, A Voice Reclaimed: Trans-Thyroid Injection Laryngoplasty Using Hyaluronic Acid for Unilateral Vocal Cord Palsy – A Prospective One-Year Follow-Up Study	<i>Dr K. Vivekaraajan</i>
11	Beyond surgical success, managing dysphagia after TEF & laryngeal cleft repair	<i>Dr Krishna Medha K</i>
12	A Study of Microdebrider-Assisted versus Coblation-Assisted Microlaryngeal Excision in Adult Patients with vocal cord lesion	<i>Dr R P Jayapreetha</i>
13	A Retro-Pro prospective Observational Study on Clinical Application of Digital Videolaryngostroboscopy in Diagnosis of Early Glottic Carcinoma	<i>Dr Suvojit Ghosh</i>
14	Beyond the Tracheostomy: Strategic Innovations and Functional Recovery in Complex Airway Disorders	<i>Dr Sankavi Dhanasekar</i>
15	Thrive-Assisted Tubeless Coblation Microlaryngoscopic Surgery: Our Early Experience	<i>Dr Sachin Antony</i>
16	Digital Voice Analysis: A Comparative Study of Normal and Pathological Voices	<i>Dr. Anubhuti Dhanuka</i>
5:30 PM – 6:30 PM		SESSION IV – QUIZ PRELIMS
8:00 PM — GALA DINNER		

Hands-on Workshops — Mezzanine Hall (Surya Hall Partition, 1st Floor)

Time	Workshop	Faculty
9:00 AM – 10:30 AM	Thyroplasty	<i>Dr Ramalingam, Dr Neha Sood, Dr Manish Munjal, Dr Darshil Vaishnav</i>
2:00 PM – 4:00 PM	Nerve Re-Anastomosis	<i>Dr Jaykumar Menon, Dr Bharathi MB, Dr Suma Mathews, Dr Raghavi</i>
